

Cyrus

Cyrus is happy, perky, and getting around well now... but just a few weeks ago, he could barely balance on his two good legs while trying to minimize pressure on his two bad legs. A traumatic injury left him with two broken bones in his front leg, complicated by dozens of deeply infected puncture wounds, as well as a similarly bitten rear leg. Cyrus is only about 1/3 of the way through his recovery, but each splint changes shows marked improvement in his soft tissue as well as bone stability, a healing opportunity he has only had thanks to the generous supporters of Friends of the Shelter. Cyrus is CT and working on HB. He appears to be good with other animals and loves people, although has become quite bouncy as he heals and feels better, so would probably do best in a home without kids under 8 years.

Goofball

I'm a fun-loving, happy-all-the-time, glass-is-half-full kind of dog looking for someone who loves to laugh and play around. Must have a great sense of humor and a bunch of tennis balls.
